## THE NEW MONTANA-CANS VINTAGE SPRAY

**CREATE USED LOOK & VINTAGE EFFECTS!**

Ever found yourself lost in the romance of second hand shops or yard sales, looking at all the retro and vintage objects and wondering what stories lay behind the aging facade? Now you too can create that flair yourself on almost any object or surface and upcycle it into something inspiring or functional. Whether you are an experienced DIY-ist or new to arts and crafts, Montana VINTAGE Spray Filter is the tool for your retro project. VINTAGE Spray is a solvent-based, high quality acrylic, low pressure effect spray. The yellow transparent coating is a UV-resistant, quick drying semi-gloss finish that brings best results on white or light colors. Montana VINTAGE Spray is perfect for all creative workers that are trying to create a vintage or aged looking effect. Applying Montana VINTAGE Spray to your favorite black and white photos can create an authentic looking vintage touch.

adjustable!

VARNISH Spray Filter is equipped with the Flat Jet Cap Medium that is able to be adjusted to a vertical or horizontal output for smooth and equal delivery of the spray output - Perfect for application on objects or sealing surfaces!

### EV1050 Yellowing Effect

Signage and furniture can also become a center piece for any home of business. With multiple layers of VINTAGE Spray and some smooth sanding when fully cured, new objects can appear as if they have a longer story to tell. The VINTAGE Spray Filter can be combined with Montana VARNISH for additional protection once completely cured. Ideal for use on surfaces that are painted or printed, on furniture, photos and many other substrates. Multiple layers of the VINTAGE Spray Filter, irregular coating and smooth sanding (when fully cured) will intensify the used look effect.
