3M™ Prep and Blend Liquid 09308

1) Part Numbers

09308

2) Description and end uses

3M™ 09308 is a combination scuffing and cleaning liquid for preparing original or previously refinished paintwork prior to fading out base coats and/or applying clear coats. 3M™ recommends that the product is used in conjunction with the 3M™ Scotchbrite™ Ultrafine Scuff Sponge or Handpad.

3) Physical Properties

Flash point:	55°C
VOCs:	57gms/litre
pH	9.1-9.6 : 25°C
Viscosity:	8000-16000 centipoise
Boiling point:	Greater than 35°C
% volatile:	60-80%

4) Directions for Use

It is recommended to use 3M™ Prep and Blend Liquid with either Scotchbrite™ Ultrafine (grey) scuff sponges (07616) or Scotchbrite™ Ultrafine (grey) handpads (07448). The scuff sponge provides greater user comfort, but the performance of either product is similar with Prep and Blend Liquid.

1. Degrease surface before using 3M™ Prep and Blend Liquid
2. Apply 3M™ Prep and Blend Liquid to the Scotchbrite™ pad/sponge. On horizontal surfaces the liquid can be applied direct to the surface. Slightly more material will be needed if using a new pad.
3. Use a small amount of water with the pads/sponges or on the panel.

Note: Adjusting the amount of water and product will determine the degree of foaming, however foaming is not essential to product performance.

Technical Data Sheet

Effective: 19/08/2020 Supersedes: 04/06/2019

4. Sand as normal with Scotchbrite™ using straight or circular motion and light/medium pressure. Clean off occasionally with a squeegee to check if surface is completely matt. When finished, clean surface with water or pre-clean.

5. Degrease as recommended by paint company's instructions prior to spraying. *This is particularly important when using water-based paints which require very thorough degreasing/cleaning of the surface prior to painting.*

5) Storage

- Avoid frost
- Store upright
- Practical shelf life is 2 years

6) Safety

Potential hazards: May cause skin and eye irritation

Eye contact:	Immediately flush eyes with large amounts of water. Get immediate medical attention
Skin contact:	Wash affected area with soap and water
Inhalation:	Remove person to fresh air. If not breathing give artificial respiration. If breathing is difficult get immediate medical attention
Ingestion:	Drink two glasses of water. Call a medical doctor

3M™ Prep and Blend Liquid 09308 is designed FOR PROFESSIONAL INDUSTRIAL USE ONLY.

7) Disclaimer
