1. SAFETY

- WARNING!** Ensure Health and Safety, local authority and general workshop practice regulations are adhered to when using these tools.
- * **DO NOT** use tools if damaged.
- * **DO NOT** use these tools for purposes they are not designed for.
- * Maintain tools in good and clean condition for best and safest performance. File or finish flush any burrs or “mushrooming” on the tools.
- * Ensure that a vehicle which has been jacked up is adequately supported with axle stands.
- * Wear approved eye and ear protection. A full range of personal safety equipment is available from your Sealey stockist.
- * Wear suitable clothing to avoid snagging. **DO NOT** wear jewellery and tie back long hair.
- * Account for all tools by replacing them in the carry case.
- IMPORTANT:** These instructions are provided as a guide only.

CB50.V2-12	Panel Separator (70mm Straight Edge)
CB50.V2-13	Panel Separator (90mm Straight Edge)
CB50.V2-14	Blow Mould Case

4. OPERATION

- 4.1. To avoid “mushrooming”, use a copper or a hard rubber mallet to drive the panel separators, items 8 through 13.
- 4.2. Items 8 through 13 generally used for separating sheet metal laminates, bonded or spot welded together. Use the prise bar end of items 5 through 8 to start the separation if required.
NOTE! It is the action of the drift angle, or wedge, which separates the laminates, not the leading straight or curved edge. These tools are **NOT** chisels.
- 4.3. Use the panel slapper tools, items 3 through 7 in conjunction with an appropriate dolly (not supplied in this kit). Use to form or remove 3 dimensional shapes in bodywork and sheet metal products.

5. MAINTENANCE

- 5.1. Keep the tool working surfaces smooth with a linishing cloth or draw file.
- 5.2. Clean the tools with a lightly oiled cloth and return to the carry case. Store indoors, away from children.

Parts support is available for these products. Please email sales@sealey.co.uk or telephone 01284 757500

ENVIRONMENT PROTECTION

Recycle unwanted materials instead of disposing of them as waste. All tools, accessories and packaging should be sorted, taken to a recycling centre and disposed of in a manner which is compatible with the environment. When the product becomes completely unserviceable and requires disposal, drain any fluids (if applicable) into approved containers and dispose of the product and fluids according to local regulations.

Note: It is our policy to continually improve products and as such we reserve the right to alter data, specifications and component parts without prior notice. Please note that other versions of this product are available. If you require documentation for alternative versions, please email or call our technical team on technical@sealey.co.uk or 01284 757505.

Important: No Liability is accepted for incorrect use of this product.

Warranty: Guarantee is 12 months from purchase date, proof of which is required for any claim.
