

**Certificados**

[Certificado.de.Producto.Simbolo.de.Calidad.AIDIMA](#)

**Method of Use**

Stir the contents of the pot well

Colourless: Only use to renovate wood already treated with colour or to lighten other shades. Do not use alone outside.

Application at: Round brush and roller

**Preparation of surfaces**

The surface must be clean, dry, free of oil, saltpetre, moulds, mosses, adhered remains of materials, chips and be consistent.

On new surfaces: Apply 2 or 3 coats of the same product

On treated with protective products which have become deteriorated surfaces: Eliminate varnish in bad conditions, sandpaper and proceed as before

**Recommendations before application**

Do not apply in temperatures below 15°C.

Surface temperature higher than 15°C

Do not apply with humidity of more than 70% RH.
