## General Technical Description

2-3 light passes

Specially formulated thinner/reducer for the fade out of the mist, on borderline areas, during (in case of spot repairs).

## Surface

Specially formulated thinner/reducer for the fade out of the mist, on borderline areas, during (in case of spot repairs).

After you are done with the spot repair, charge BLEND-IN 777, into the spray gun (do not clean it).

Apply on the spot. Follow a two step process:

## Pretreatment / Cleaning of substrate

No pre treatment necessary.

Make sure the surface is air dried rather than wiped dry

Make sure you always use appropriate face protection and good ventilation

## Product Application:

Mix 10-20% of 777 BLEND IN THINNER with the ready made paint just before the final mist is applied

Always wear protective equipment

Apply the final mist of the colour shade on the outline of the repaired area

Follow the application instructions mentioned in this TDS

Leave 10-15 seconds flash

Immediately apply again BLEND-IN 777.

**Flash Point:**  
20°C / 68°F
