DESCRIPTION

Douglas Paint & Varnish Stripper is an extremely effective non-Methylene Chloride paint stripper ideal for use by inexperienced DIYers as well as professional users. The non-Caustic formulation is simple and easy to use both indoors and out.

PREPARATION

Read label fully before use. Wear protective gloves. Protect floor coverings, textiles and vinyl materials. Shake container well before use.

COVERAGE

1 Litre of **Douglas Paint & Varnish Stripper** is sufficient to strip a surface area of approximately 1 square merter. Pour a quantity of **Douglas Paint & Varnish Stripper** into a suitable container. Apply a generous, thick even coat (do not brush out) at a rate of 1 Litre per square meter, onto the surface to be stripped, with a suitable brush. Leave for approximately one hour and apply a second coat. For areas where there are less than 5 layers of paint or varnish, a second coat may not be necessary. Once the stripper has softened the paint, scrape off, leaving surface as clean as possible. Repeat process if necessary. Rub down stripped area using a scrubbing brush or stainless steel pad (DO NOT USE WIRE WOOL). Wash down stripped area with Douglas spirits or detergent and water. Rinse with clean water and allowed to dry.

HEALTH AND SAFETY UFI: GSVA-G0Q2-X656-7AM4
