Notified Body: 0075

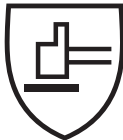

Type Examination Certificate Number: 0075/1022/162/10/19/3084

Carried Out By: CTC

2. SAFETY

- ✓ Users should be warned that gloves should not be worn when there is a risk of entanglement by moving parts of machines.
- ✓ This model does not contain any substances at levels that are known to, or suspected to, adversely affect user hygiene or health.
- ✓ The protection against risks or hazards which are not mentioned in this document is not warranted.
- ✓ The levels of performance mentioned are only valid for the palm of the glove. (7G Polyester terry liner; black foam latex coated on palm).
- ✓ These levels of performance are obtained from the tests done according to the conditions defined by the applicable standards.
- ✓ This glove shall not be in contact with fire.
- ✓ The gloves should be inspected before each use, and replaced if damaged.
- ✓ For gloves with two or more layers of material, the performance levels are warranted only for the whole glove.
- ✓ For gloves with two or more layers the overall classification does not necessarily reflect the performance of the outermost layer.
